**Tips for Palisades Hikers**

Many first-time Palisades hikers are surprised at how rugged our trails can get. Please be prepared!

- Always tell someone where you’re going and when you expect to be back. This is just good hiking sense, no matter where you go.
- Bring plenty of water – and drink it as you go. Some basic first aid supplies are always a good idea, too, as are some snacks.
- Wear sturdy shoes that are designed for hiking.
- Dress or pack for all possible weather conditions forecast for the day. Layers are the wisest way to dress for the outdoors – you can add or remove as you go. We also recommend long-sleeved clothing, even in warmer weather. Poison ivy thrives on the Palisades. Ticks are common. Long clothing with a spray of repellant at the cuffs is your best defense.

---

**Carpenter’s Loop**

*Moderate. About 5.5 mi., 2.5 hrs. round-trip. (The numbers in this description are keyed to the map on the other side.)*

1. Find the trailhead just outside the Visitor Center and follow the path down the steps alongside the Historic Park entrance road.

2. At Hudson Terrace turn right (north) to walk on the sidewalk beneath the roadways that go onto the George Washington Bridge.

3. On your right (east), find where the Long Path (aqua markers) goes up a series of steel steps and into the woods. Stay on the Long Path as it heads north.

4. In about 0.5 mi. the Long Path will cross Carpenter’s Trail (blue markers). Stay on aqua north.

5. In another 0.5 mile, the Long Path will pass Allison Park (restrooms and great views here) and follow along a road. Just past the overpass look for where the trail goes up and alongside St. Peter’s College (private property).

6. When you come out of the woods at Palisade Avenue, turn right (east) to find the start of the Dyckman Hill Trail (yellow markers). Cross the road at the Englewood Cliffs park entrance and follow yellow as it zigzags down the mountain alongside a stream to Englewood Picnic Area & Boat Basin.

7. Use caution to cross the road and at the bottom, turn right (south) onto the Shore Trail (white markers), and take it south through Ross Dock Picnic Area.

8. South of Ross Dock, pass the bottom of Carpenter’s Trail and continue south on the Shore Trail beneath “The Great Gray Bridge” and past Hazard’s Ramp.

   **For a shorter hike, you can turn right (west) on Carpenter’s Trail and take this steep trail up to the summit. At the top, turn left (south) on the Long Path (aqua markers) and return to start.**

9. About half a mile south of Hazard’s, the Shore Trail will turn right (west) and ascend on stone steps.

10. At the top turn right (north) and take the paved path back to the Historic Park entrance, and then take the walkway back to start. You’re done! Great job!
